Pupil premium strategy statement

This statement details our school's use of pupil premium funding to help improve the attainment of our disadvantaged pupils.

It outlines our pupil premium strategy, how we intend to spend the funding in this academic year and the effect that last year's spending of pupil premium had within our school.

School overview

Detail	Data
School name	Archbishop Beck Catholic College
Number of pupils in school	1212
Proportion (%) of pupil premium eligible pupils	25%
Academic year/years that our current pupil premium strategy plan covers (3 year plans are recommended)	2021/2022 to 2024/2025
Date this statement was published	October 2022
Date on which it will be reviewed	July 2023
Statement authorised by	Paul Stirling, Headteacher
Pupil premium lead	Kate Verdin, Deputy Headteacher
Governor / Trustee lead	Ann Woodward

Funding overview

Detail	Amount
Pupil premium funding allocation this academic year	301950
Recovery premium funding allocation this academic year	
Pupil premium funding carried forward from previous years (enter £0 if not applicable)	0
Total budget for this academic year If your school is an academy in a trust that pools this funding, state the amount available to your school this academic year	£301950

Part A: Pupil premium strategy plan

Statement of intent

We are committed to ensuring every student at Archbishop Beck Catholic College experiences equal opportunities in every aspect of school life. We believe all students are entitled to the best education regardless of their starting point or background. Our focus on disadvantaged students' threads through all aspects of our school development planning and all members of our school community know they play a part in helping to narrow the gap.

Ultimately, we strive to ensure that disadvantaged students achieve and experience everything on an equal footing to all other students. Our ambition for disadvantaged students is that: -

- They receive quality first teaching consistently across the curriculum
- Their outcomes are in line with our aspirational targets
- Their attendance is on a par with whole school attendance
- Their reading ages are in line with national average for all students
- The support and intervention they receive is high quality and impactful.

Our approach is informed by the common challenges faced by disadvantaged students nationally, the specific contextual needs of the students in our community and the individual needs of each child.

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	Outcomes for disadvantaged higher ability pupils and across Ebacc subjects
2	Attendance
3	Social, emotional, and mental health
4	Low aspirations and low levels of social mobility
5	Low literacy levels

Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
Improve achievement	GCSE outcomes indicate increasing attainment and progress for disadvantaged pupils, with attainment of disadvantaged pupils in line with that of all students nationally.
	Disadvantaged pupils' attainment is improving in each year group, with additional interventions showing a positive impact.
Improve attendance figures for	Attendance figures show that the gap between PP and non- PP is diminishing.
disadvantaged pupils	Attendance moves towards national averages in each year group.
	Number of PA's will continue to decline.
Achieve and sustain improved wellbeing for all pupils, including those who are disadvantaged.	Sustained high levels of wellbeing, qualitative data from stu- dent voice, student and parent surveys and teacher observa- tions. An increase in participation in enrichment activities, particu- larly among disadvantaged pupils.
	Pupils speak positively about college and feel safe and happy
Increase aspirations	All disadvantaged pupils enter further education, training or employment post-16.
	Increased numbers of pupils go onto sixth form and univer- sity.
Bridge gaps in literacy	Reading plus data indicates increasing reading attainment for disadvantaged students, with the attainment of disadvan- taged in line with that of all students nationally Students speak positively about how they are encouraged to read widely and for pleasure.

Activity in this academic year

This details how we intend to spend our pupil premium (and recovery premium funding) **this academic year** to address the challenges listed above.

Teaching (for example, CPD, recruitment and retention)

Budgeted cost: 130,000

Activity	Evidence that supports this approach	Challenge number(s) addressed
To ensure that our disadvantaged students receive the highest quality teaching and learning: CPD time used to enhance staff development and practice	Ensuring every teacher is supported in delivering high-quality teaching is essential to achieving the best outcomes for all pupils, particularly the most disadvantaged among them. (EEF)	1, 2, 4
Further develop effective assessment practices to support the curriculum in every subject. Ensure a planned and effective response to data at teacher, department, pastoral and whole school level. Purchase of standardised CAT4 diagnostic assessments.	Standardised tests can provide reliable insights into the specific strengths and weaknesses of each pupil to help ensure they receive the correct additional support through interventions or teacher instruction: <u>Standardised tests Assessing and Monitoring Pupil Progress </u> <u>Education Endowment Foundation </u> <u>EEF</u>	1, 5
Improving literacy in all subject areas in line with recommendations in the EEF <u>Improving Literacy in</u> <u>Secondary Schools</u> guidance. We will fund professional development and instructional coaching focussed on each teacher's subject area.	Acquiring disciplinary literacy is key for students as they learn new, more complex concepts in each subject: <u>Improving Literacy in Secondary</u> <u>Schools</u> Reading comprehension, vocabulary and other literacy skills are heavily linked with attainment in maths and English: <u>word-gap.pdf (oup.com.cn)</u>	1,5
Reduced class sizes in Yr11 for Maths, English, Science Smaller classes in MFL	International research evidence sug- gests that reducing class size can have positive impacts on pupil out- comes when implemented with soci- oeconomically disadvantaged pupil populations. (EEF)	1

Ensure pupils have access to the full range of curriculum support, including visits, revision guides, additional revision classes	Pupils who are eligible for PP must be allowed the same experience and opportunities to enrich their learning. Developing ultural capital	1, 2, 3, 4
Ensuring the continued development of school systems to increase efficiencies that support parents, staff and students both in and out of the classroom.	Data driven intervention Arbor can help schools in collecting more specifically focussed data to use in a timely way to help improve holistic outcomes for students	1, 2, 3, 4, 5
The launch and roll out of Arbor.		

Targeted academic support (for example, tutoring, one-to-one support structured interventions)

Budgeted cost: £65,000

Activity	Evidence that supports this approach	Challenge number(s) addressed
Adopting a targeted reciprocal reading programme as a reading intervention for disadvantaged pupils who need additional help to comprehend texts and address vocabulary gaps.	Reading comprehension strategies can have a positive impact on pupils' ability to understand a text, and this is particu- larly the case when interventions are delivered over a shorter timespan: <u>Reading comprehension strategies</u> <u>Toolkit Strand Education Endowment Foundation EEF</u>	1, 5
Implementation of tar- geted tutoring in Maths, through Yipiyap tutor and English and Science through academic men- tors A significant proportion of the pupils who receive tu- toring will be disadvan- taged, including those who are high attainers.	Tuition targeted at specific needs and knowledge gaps can be an effective method to support low attaining pupils or those falling behind, both one-to-one: <u>One to one tuition EEF (educationen- dowmentfoundation.org.uk)</u> And in small groups: <u>Small group tuition Toolkit Strand Ed- ucation Endowment Foundation EEF</u>	1, 2, 3, 4, 5

Wider strategies (for example, related to attendance, behaviour, wellbeing)

Budgeted cost: £106,950

Activity	Evidence that supports this approach	Challenge number(s) addressed
Develop behaviour for learning - choice theory approaches across college. This includes training for school staff and collaboration with external agencies	Teaching Students Responsible Be- haviour gives teachers the theory and skills to teach students how to take responsibility for their own behaviour in school. Based on the work of Dr. William Glasser	1,2,3
Embedding principles of good practice set out in DfE's <u>Improving School</u> <u>Attendance</u> advice. Review of current attendance systems and staff training to implement procedures.	The DfE guidance has been informed by engagement with schools that have significantly reduced persistent absence levels.	1,2
Develop onsite provision from our wellbeing team, including college counsellor to support students. Continue to use support from external agencies and deliver well being projects including Oxwell and excluded lives	Increasing evidence of social, emo- tional and mental health issues in young people. EEF Toolkit Social and emotional learning +4 months	1,2,3
Ensure career opportunities are accessed by all students to raise aspirations and numbers progressing to university. Tailored approach to each individual student in yr11 and 13 to support successful destinations.	EEF - High-quality careers advice can make a real difference to young peo- ple's outcomes after school	1,4
Continue to provide outstanding pastoral care for our students and families through a	Increase in CAMHS/YPAS referrals	2,4

dedicated pastoral team	
and student services.	

Total budgeted cost: £301,950

Part B: Review of outcomes in the previous academic year

Pupil premium strategy outcomes

This details the impact that our pupil premium activity had on pupils in the 2021 to 2022 academic year.

- Quality of teaching a common approach to teaching and learning using the 'high5 lesson' is embedded across all subjects.
- Improvements in attainment across all areas
- The percentage of students entered for Ebacc continues to increase to 54.3%
- Destinations 99.99% of students in sixth form, college, traineeship or apprenticeship
- Improved reding and comprehension skills through targeted interventions though Reading plus
