

COURSE PREP WORK

Fashion Textiles:

Year 1 Summer induction

Task 1 - Produce 3 x Fashion illustrations

Please find 3 garments by your favourite Haute Couture designer and create a fashion illustration of each one using the methods taught on getting ready day. Here are a reminder of those techniques:

- Trace the model and garment loosely using continuous line drawing.
- Collage sections of the garment on the model with patterned papers - magazines are a good resource.
- Add final detail to the illustration using mark making with coloured pencils and pens.

Task 2 - African/ Aztec Project

Research images of African pattern design and Aztec pattern design on the internet, print out and bring these with you to your first lesson. See examples on slides.
