

Archbishop Beck Catholic College

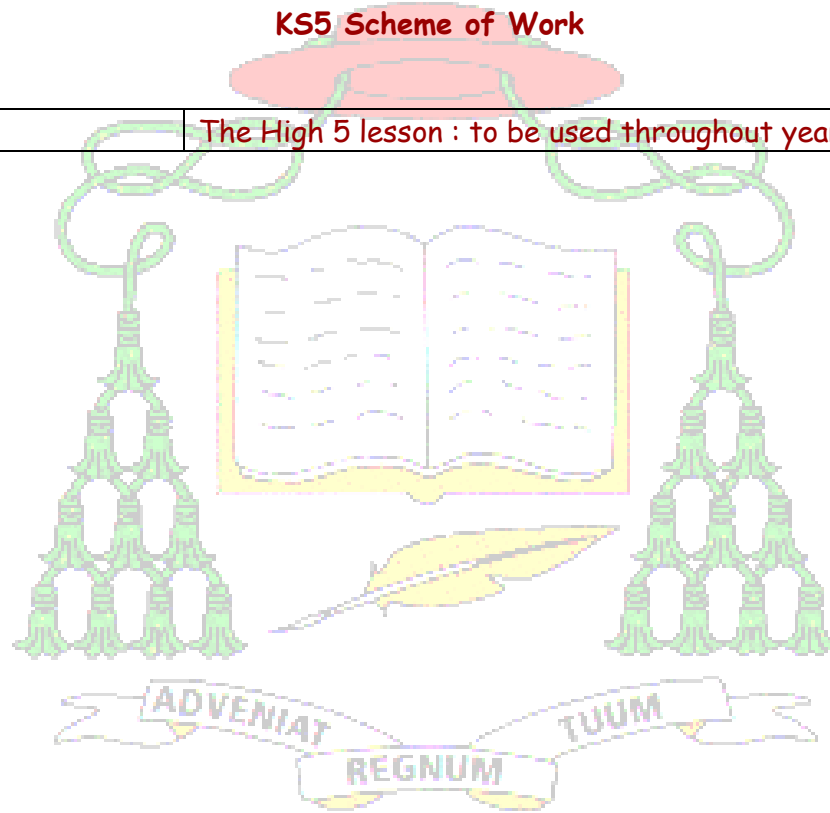

KS5 Scheme of Work

Lesson Sequencing

The High 5 lesson : to be used throughout year

HAP further learning opportunities

Year 13 Applied Science

<p style="text-align: center;">Teacher A</p> <p>Review personal development of scientific skills for laboratory work. Planning scientific investigations, data collection. Data processing, analysis and interpretation. Drawing conclusions and evaluation, diffusion of molecules. Energy content of fuels.</p> <p style="text-align: center;">Teacher B</p> <p>Musculoskeletal disorders and corrective treatment Lymphatic system disorders and corrective treatment Physiology of the digestive system and corrective treatment Enzymes in Action, plants and their environment Electrical circuits, revision for external paper</p>	<p>Consolidation: Tasks to support prior learning including past exam questions, focus on valiant vocabulary for topics already taught, mind maps, discussion tasks, assessment of exemplar answers to extended question.</p> <p>Modelling: Focus on scaffolding extended questions. Scaffolding with the use of tables, exemplar answers and mark schemes. Teacher led to start with then in groups, pairs and individually with the use of notes to support independence as confidence increases.</p> <p>Response and Feedback: Q & A, oral feedback to whole class and individuals, improvement tasks, extension tasks, peer improvement tasks, detailed marking of written tasks, next step marking.</p> <p>Challenge: use of relevant extension tasks, use of exam pro questions. Independent research of tasks. Challenge tasks set in response and feedback if appropriate.</p> <p>Independence: Use of articles to extend knowledge, research homework tasks, lab work, condensing notes in mind maps. Self and peer assessment.</p>	<p>Extension directed questioning, extended questions focus on all topics, use of authentic texts, increased use of extended vocabulary, and focus on key valiant vocabulary, challenge activities incorporated into response and feedback, peer support and self-assessment.</p> <p>Exam board web seminars accessed recorded and presented to students delivery by chief examiners. Careers week and employment opportunities, university visits to labs. University open days. University scholar's programme and social mobility programme. Exam booklets created to support independent learning. Absolute Chemistry Outreach programme.</p>
