

Hello,

Thank you for registering for our [distance learning teaching resources](#).

We're committed to ensuring that careers guidance in schools does not suffer as a result of COVID-19. We're here to help you make sure your careers programme remains stable during these uncertain times by supporting students with distance learning via our online platform.

We've created a load of fantastic resources related to distance learning and working independently so that you're prepared for all eventualities over the coming weeks.

> [Please click here for the Dropbox folder where you'll find the teaching resources for each year group.](#)

We're also running a series of webinars to help you get the most out of the platform during this time, such as setting students tasks, reminders and communicating with them via the platform:

Wednesday 18 March, 4pm GMT - Distance learning & CEIAG

This webinar will focus on how you can set students tasks to complete remotely via the Unifrog platform - both how to send them work and track their progress.

> [Register for the webinar](#)

Thursday 19th March, 4pm GMT - Competencies II & distance learning

This webinar will walk you through how to use our new Competencies II tool, inspired by the Skills Builder Framework, to set students remote tasks to boost their career prospects, monitor their progress and provide feedback via the platform.

> [Register for the webinar](#)

Friday 20th March, 3pm GMT - Distance learning

Whether it's skills building, career research or MOOC distance learning courses, learn how to send students these tasks and track their progress remotely on the Unifrog platform.

As always, if you have any questions, please get in touch with your Area Manager or Account Manager who will be happy to help. They'll be in touch soon to make sure you've got everything you need.

All the best,

Freddie Knaggs
